

## CCTV Systems

**24 HOUR EYES FOR YOUR NEW HOME:**  
The ultimate in home security, CCTV or Closed Circuit Television allows you to record digitally onto hard drive all events that occur around your home, cameras normally installed on the exterior can be viewed from the recorder, and if necessary backed up for archival purposes.

**POWERFUL REMOTE ACCESS**  
Coupled with broadband internet your new home can be viewed from your office at work, or from anywhere in the world. Great if you travel allowing you to keep an eye on your home.

**MANY ACCESSORIES:**  
The CCTV system can be connected to all televisions in your home using the optional *Modulator*, This will allow you to see your perimeter from the nearest television.
